## Invitation for Bid

GSA-002-22

**STRUCTURAL FIREFIGHTING PUMPERS WITH MINIMUM  
1000 GPM PUMP MINIMUM 500-GALLON WATER TANK AND  
5 YEAR EXTENDED SERVICE MAINTENANCE AGREEMENT**

Questions received from: Auto Spot GMC 01/21/22

### Question 1:

As per NFPA standards, helmet holders should match the total number of cab seating. This bid requires cab seating for five but is only requesting for two (2) helmet holders. Is that correct?

**Response: NFPA requirements shall supersede specifications.**

### Question 2:

Does this bid required a factory visit upon completion? If so, for how many representatives?

**Response: A factory visit will not be required**

### Question 3:

Instead of a website for weekly photo updates. Can we send photos on a weekly basis via email?

**Response: Yes, detailed photos of the build may be sent weekly via email.**

### Question 4:

Is it ok to list a Price Table for all the optional specifications separate from the bid price?

- Back-up Camera (Optional) Page 46 of 72
- Battery Charging receptacle (Optional) Page 51 of 72
- Discharge Outlet (Front Bumper Pre-connect) (Optional) Page 63 of 72
- Deck Gun (Optional) Page 63 of 72
- Electric Rewind Hose Reel (Optional) Page 63 of 72

**Response: No, items are optional.**

### Question 5: (Page 36 of 72)

The bid specifications state to provide a complete weight analysis with the bid indicating the estimated front and rear axle weights for the loaded vehicles including (5) five firefighters, tools and a minimum weight of 4,000 lbs. of fire department supplied equipment.

- Question: Does the 4,000 minimum weights include the NFPA equipment allowance (2000lbs), the firefighting hose weight in the hose bed and hose trays and ground ladders? If not, what equipment is included in the 4,000lbs?

**Response: The 4,000lb (minimum) requirement is for NFPA equipment, hoses, and fire department equipment.**

### Question 6: (Page 42 of 72)

Manual Fluid check access "An additional tube shall be provided for engine oil". \*Question: Where should this additional tube be installed and why?

**Response: A dipstick or tube, separate from the oil fill tube, to accurately measure oil level.**

**Question 7: (Page 52 of 72)**

Shore power receptacle. The specification requires a shoreline receptacle but there are no receptacles required on the truck. \*Question: What should the Shoreline be connected to?

**Response:** Shore power connection should provide a continuous charge to the batteries while parked in the apparatus bay. Having a shore power connection shall also allow use of lighting without draining the battery if apparatus is off.

**Question 8:**

Page 61 of 72 – A second priming pump is included in the specification for front suction piping. There is no front suction piping described in the specifications. \*Questions:

- Is a front suction inlet required?
- If an inlet is required, what size inlet (5.0" or 6.0")?
- Where on the front bumper (driver or passenger side) should it be located?
- Is the inlet to be recessed into the front of the bumper or mounted on top of the bumper?
- Should the piping exposed above the bumper be chrome plated or painted?
- Does the inlet required a swivel (if on top of the bumper)?
- Should there be a Storz type adapter and if so what size?

**Response:** No front intake/suction is specified, disregard additional priming valve. Refer to "Amendment #7".

**Questions received from: Morrico Equipment 01/21/22**

**Question 1: (Page 34 of 72)**

OCEAN FREIGHT - Vehicles will ship roll on roll off service by ocean to Guam port. Apparatus will be sprayed with a corrosion preventive and shipped under deck to prevent direct exposure to salt air and spray.

\* The RORO sea freight service to Guam is currently unavailable.

**Response:** Specification remain unchanged.

**Questions received from: MidPac Far East 01/29/22**

**Question 1:**

As per our Fire Apparatus Manufacturer, KME-REV, Mid Pac Far East is requesting for an extension of the Bid Opening date from 10:00am, Wed. Feb. 2, 2022 to 10:00am Tues. Feb. 8, 2022 as additional time to submit a complete bid package for this Tender.

**Response:** Refer to "Amendment #6" dated February 1, 2022
